Date: May 4, 2023

Subject: VDRL Testing to be sent to Mayo Laboratory

Due to manufacturer backorders, VDRL testing will be sent to Mayo until further notice. We will submit a ticket to the Beaker team to redirect VDRL testing to Mayo until reagents are received at UNCMC. Current samples in the Immunology Lab at UNCMC will be sent out from referral testing at UNC. We will send out a notice once we can resume testing at UNCMC.

Please direct questions to the referral laboratory 984-974-1414 or Dr. John Schmitz 984-974-1452.
