

Memorandum – Core #211

To: UNC Health Attending Physicians, Faculty Practice Physicians,
Housestaff, Clinical Nurse Coordinators, Department Heads and
Supervisors

From:  Nichole Korpi-Steiner, PhD
Special Chemistry Laboratory

 Herbert C. Whinna, MD, PhD
Medical Director, McLendon Clinical Laboratories

Date: July 19, 2024

Subject: Resuming Anti-Fungal Testing in McLendon Labs

Effective July 22, 2024, McLendon Clinical Laboratories will resume anti-fungal (Voriconazole, Posaconazole, Itraconazole and Hydroxy-Itraconazole) testing in-house at UNCCMC. This testing will be performed three days/week on Monday, Wednesday and Friday for samples received in the lab by 1 pm.

Important notes:

- The EPIC orders for anti-fungal testing will remain the same
- The specimen type remains serum collected in a red or royal blue top collection tube

If you have any questions related to these changes, please contact the Core / Special Chemistry Laboratory at 984-974-1415 or Dr. Korpi-Steiner at 984-974-1498.
